2010 Arnold Schwarzenegger Scholarship Awarded to Palmer SICA Member

Student Dr. Andrew Schieber, SICA Chapter President at Palmer College, receives the 2010 Scholarship Award from Governor Arnold Schwarzenegger at the ICA Symposium on Natural Fitness in Columbus, Ohio.

California Governor Arnold Schwarzenegger personally presented the Third Annual Arnold Schwarzenegger Chiropractic Scholarship to Student Dr. Andrew Schieber, a student ICA member attending the Palmer College of Chiropractic in Davenport, Iowa who also serves as SICA Chapter President at that institution. This exciting presentation was made at the ICA's 18th Annual Symposium on Natural Fitness on March 6, 2010 in Columbus, Ohio. Accompanied by ICA President Dr. John K. Maltby and also by special guest, Mr. Olympia Champion Lee Haney, the scholarship award was presented to Student Dr. Schieber at the podium during the Governor's Saturday appearance and keynote speech to the ICA Symposium attendees and guests.

Governor Schwarzenegger personally awarded the scholarship to Student Dr. Schieber, noting, "Outstanding excellence and achievement in your professional studies deserves to be recognized and rewarded and you should be proud of your accomplishment" ICA President Dr. Gary Walsemann also congratulated Student Dr. Schieber, commenting that, "The process by which the winner of this unique scholarship is determined is highly competitive and based on a written essay submission. Yours was the unanimous choice of the entire panel. Congratulations!"

The theme of the essay competition, "The Human Spine - A Structure Designed to be in Motion," was chosen to focus students' attention on the relationship between healthy exercise and a healthy spine. Candidates are encouraged to utilize the research record and their creativity to develop an original paper that is reviewed by a panel reviewing blinded submissions to assure objectivity. The annual program of scholarship awards range up to \$2,500 depending on the number of winning applications submitted.

"The ICA Fitness Council is very excited about this special educational scholarship opportunity for SICA members, both because it is a unique opportunity for our students and because it is another demonstration of Governor Schwarzenegger's commitment to chiropractic," said Fitness Council president, Dr. Mattia. "ICA is very proud to have such a special relationship with the world's most famous chiropractic patient."

The Arnold Schwarzenegger Scholarship program was first launched in 2007, and the Fourth Annual Arnold Schwarzenegger Scholarship Essay Competition will be announced and begin accepting applications and essay submissions in early 2011. Plans are underway for the scholarship award presentation to be made again with Governor Schwarzenegger at the podium during the 19th Annual ICA Symposium on Natural Fitness, March 2011, in Columbus, Ohio.
